PROJECT TITLE: Repair Storm Damaged Campsites at Wright's Beach Campground

LOCATION: Sonoma Coast State Beach

COUNTY: Sonoma

DESCRIPTION OF THE NATURE AND PURPOSE OF PROJECT:

Repair five campsites severely damaged by December 30, 2005 storms at Wright's Beach Campground within Sonoma Coast State Beach. The project is located approximately 500 feet west of the intersection of Highway 1 and the entrance to Wright's Beach. The five campsites (3, 4, 5, 6, and 7) were damaged when the intermittent drainage that meanders through the campground overtopped its banks and eroded much of the campsites. Reconstruction work will use fill material and large boulders (with rip rap to stabilize the boulders) to rebuild the campsites and new road base to cap the sites for recreational vehicle use and parking. The project will not result in the expansion of the existing facilities. Project supports continued use and maintenance.
